EASTER OBSERVANCE

The anniversary of the most momentous event in history of the civilized world was fittingly observed by the various churches throughout the world last Sabbath Day.

All the churches in this valley followed the usual custom and special services were rendered in honor of the resurrection and ascension of the Savior of mankind. All of the houses of worship were beautifully and appropriately decorated for the occasion and unusually large congregations attended divine worship.

Rev. Father Leahy, Rev. C. C. Cragin and Rev. R. Lionel Rowe, each delivered eloquent sermons suitable for the occasion. Special choirs rendered selected hymns and anthems, all bearing on the Easter subject.

Will be Tried April 25th

Paolo Marcucci was arrianged before Judge Emmet Seawell Tuesday morning on the charge of embezzling the sum of $215 from F. Farnocchia, of Glen Ellen. Marcucci was recently held to answer to the charge by Justice Atchinson. He entered a plea of not guilty to the charge. Marcucci does not understand English and an interpreter translates every thing said to him in the court. The trial of the case has been set for April 25.

SUPERIOR COURT NOTES.

The resume of the clerk's day proceedings in the Superior Court on Monday was as follows:

In Judge Seawell's department in the suit of C. Lachkopf vs. Adolph Burman et al., the second cause of action was dismissed and judgment was given for $200, and interest. Other orders were made.

The suits of the [illegible] company against Overton et al., and Mark L. McDonald, et al., were dismissed, each party to pay their own costs.

These matters were continued: Woods and Arnold vs. B. Davis, in real estate of R. T. Savy, minor Rayner vs. Rayner, Sebastopol Light & Power Co. vs. A. Meeker, et al., to April 8; Frese vs. Peterson, to April 15; County of Sonoma vs. Uhl et al., to April 15; in re estate of Catherine Alton, to April 13.

The suit of Slover vs. Slover was submitted.

In Judge Denny's department permission was granted to mortgage realty of the estate of Thomas M. Samuels.

The final account was settled and distribution ordered of the estate of L. A. Murdock.

William C. Leisen was named administrator on the estate of Dora Leisen, in a bond of $1,500, and Frank Leisen in a bond of $2,600.

The final account of the guardianship of C. S. Milly was settled [illegible] named administrator on the estate of James Fullen, in a bond of $500.

A family allowance of $50 per month in the estate of Charles H. Winters was granted and personal property was set aside.

The order heretofore made settling the final account of the estate of Robert F Cleveland was set aside and resubmitted.

These probate matters were continued: Estate of George Dillod, to April 2; estate of Margaret G. Leitch to April 7.

The suit of the Socrates Investment Co. vs. Huntington, was dropped from the calendar to be restored on motion.

Leave was granted to file an amended complaint in the suit of Pollitz vs. Wickersham.

The suit of Parkinson vs. Parkinson was submitted.

An order was granted modifying a decree in the suit of Olsen vs. Olsen.

The trial of the suit of Posh vs Johnson was reset for May 2, and the trial of Sture vs. Price was reset for May 21.

These matters were continued; Bolla vs. Bolla, Vowinckle vs. Jenkines, Henry vs. City of Santa Rosa, Parr vs. Barnes, to April 8; Dupont vs. Bones, to April 5; Wheeler vs. Wheeler, and Peterson vs. Smith, to April 15.

PASTOR RESIGNS

Rev. Chakurian, pastor of the Kenwood and Glen Ellen Congregational Churches, has resigned his pastorate and will take a rest from work for the benefit of his health. He preached his farewell sermon last Sunday. He has been an efficient worker and his congregations are sorry to part with him.

A LARGE ORDER

One of the largest orders of its kind ever placed west of Chicago is for the linens for the Fairmont Hotel, has been given to Hale Bros. of this city. The order also includes the bed linen and blankets for the hostelry, which is to be opened next month, but the blankets are a California product, while very little linen is manufactured in the United States.

For this order the local merchants entered into competition with the linen manufacturers of the East and of Europe, and the success of Hale Bros. in securing it is a fine example of San Francisco enterprise.

There is hardly anything that appeals so directly to the heart of the housewife as dainty linen. It was a matter of inheritance in the old days and "by her linen you shall know her" might be said of any woman. The linen that is to grace the tables of the Fairmont is of a kind to gladden the heart of woman. Made from the very finest Irish flax and woven in the mills of Scotland, where much of the best of the so-called Irish linen is produced, it is a product of modern rapid methods, though in beauty it is like the handwoven fabrics that our grandmothers kept folded away in old fashioned chests—firm and fine-meshed and of a snowy whiteness. It has a pretty pattern in conventionalized lilies, with the old Fair crest, which for many years has been the emblem of the Fair family, woven into the general pattern.

The management of the Fairmont Hotel has shown a feeling of home patriotism by placing most of the large orders in connection with the furnishing of the hotel with [illegible] March 17. [illegible] Francisco Call.

Geary to Succeed R. X. Ryan

J. J. Geary, for over thirteen years in the offices of the late R. X. Ryan, has been appointed general passenger agent of the Northwestern Pacific Railway and has already entered upon the discharge of his duties.

Burlingame folks may no longer continue to dock their horses tails for their swagger turnouts, for Governor Gillett has signed Senator John B. Curtin's bill making it a misdemeanor to dock tails. All horses in the State now so disfigured must be registered with the county clerks within thirty days. Failure to do so will lay the owner open to prosecution. Exhibition stock with docked tails may be brought into the State, but must be registered.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, osle agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.

FRIDAY APRIL 5, 1907

Roosevelt, the ruler, and Harriman, the owner of the United States have apparently each come to the conclusion that the other is a liar. It is not beyond the range of possibilities that both are right in their contentions. Published letters bear evidence of serious discrepancies in statements made by the two men, at different times.

Did it ever occur to you that notwithstanding that legislative bodies are frequently corrupt, the most prolific source of bad government is in the laxness of executive officials? The State, counties and cities of California have an ample supply of good wholesome laws many of which are not enforced because the officials will not arrest those who disobey them. Every intelligent man, woman and child knows this to be true and this common knowledge creates a disrespect for law and officers. If there are any unwelcome laws on the books, the quickest and best way to get them repealed is to enforce them while they exist.

FOR THE CITY DADS

The Board of Trustees of the City of Sonoma has been given a fine opportunity to keep the city clean at small expense.

The last legislature passed what might be called an anti-s— and we sincerely hope that our city trustees will take advantage of this golden opportunity, remembering that there is no better time than the present to act in the matter. It is an act that was introduced by Assemblyman Eshleman of Berkeley, passed both houses and has received the approval of the Governor:

"Giving municipalities power to remove rubbish and clean sidewalks or neglected property within city limits and providing that a lien may be taken on said property to pay the cost of work." The law ought to give a new stimulus to public improvements in every progressive city and town in the state. One of the difficult problems has always been to find some new means in forcing people who would not clean up their street frontages to do so. There has been some doubt about the powor of municipalities to compel this action without a state law; and it is very gratifying to have the local authorities backed up by an effective state enactment such as has been put on our statute books.

BIDS WERE TOO HIGH

All bids for constructing Sonoma County's new court house at Santa Rosa were far above the sum voted for the purpose of constructing the county government building and were consequently rejected by the Board of Supervisors at their meeting Thursday. The bonds voted for the purpose sold for a little over $295,000.00 which is all the money on hand to pay for the new court house.

The bids ranged from $336,909.50 to $446,453 according to finish. Advance in the cost of materials and labor since the plans were drawn is given as the reason for difference between the bids and the amount for which it was estimated the new building could be built. It may now be necessary for the Board to order plans for a less expensive building.

Making Progress

A large gang of stone-cutters are at work in the quarry cutting stone for our new city hall. Unless weather conditions are very much against, the work of building up the walls will be commenced and Contractor Newman is determined to rush the building to an early completion.

Sonoma Literary Society

The regular meeting of the Sonoma Literary Society was held last Monday evening at the residence of F. T. Duhring, and was well attended. The semi-annual election of officers resulted as follows:

President, Mrs. T. A. Lewis; vice president, F. T. Duhring; secretary, Richard H. Piatt; treasurer, Miss Florence Murphy; members of program committee, Miss Doris Clewe, Dr. Van Amringe.

The program opened with a vocal quartet by Misses Waterman, Davis, and Louise and Sophie Weber. The chief number of the program was the reading from "The Merchant of Venice" of the "Bargrin Scene," the Casket Scene" and the Trial Scene," with the following cast of characters: Shylock, Mr. Cragin; Antonio, Mr. Duhring; Bassanio, Mr. Piatt; Gratiano, Dr. Van Amringe; Portia, Miss Stofen; Nerissa, Miss Waterman. This was followed by fifteen minutes of Parliamentary Practices, after which games concluded the evening's entertainment.

With the approach of better weather, it is hoped there will be a larger attendance at these meetings. The next meeting will be held Monday evening, April 15th., at the residence of Mrs. Hope.

CITY TRUSTEES MEET

Mayor Hotz presided at a meeting of the Board of Trustees of the City of Sonoma, at their regular meeting Wednesday evening at which all members were present.

Among the important matters considered were Ordinances No. 88 and 89, the former providing for water regulations, rates etc., and the latter for clean streets and allowing the Board the right to levy and collect a fine for the violation thereof.

The Clerk was instructed to notify the city attorney to proceed at once to collect from the bondsmen of the electric railway company which was to build a road through was granted.

The idea of purchasing a street sprinkler for the city met with the favor of the Board and Trustee Wagnon was authorized to investigate the market and report at the next meeting.

Two communications were reeeived from the Sonoma Valley Woman's Club and read by the clerk. Both urged important matters and were favorably received by the Board.

In the first letter, the Club asked permission to erect a stone monument, suitably inscribed, at the base of the Bear Flag Pole in the plaza to commenorate that great event in California history. The request was readily granted, Mr. O. W. Gericke has kindly donated the stone. The second request was for the Trustees to appoint a cleaning day, such as was suggested by the Expositor some time ago. The Board was favorably inclined to the excellent idea, referring the matter to the Street Committee with power to act.

The Club are willing to undertake the cleaning of streets and to get property owners and tenants to clean up their premises while the city is to haul off all debris after the clean-up.

Engagement Announced

Mr. and Mrs. Wm. McElroy announce the engagement of their elder daughter, Miss Lucinda and Mr. A. T. Skinner.

The charming bride-to-be is a native of Sonoma Valley where she has been reared and educated and is extremely popular not only in the younger set but with all classes, on account of her many lovable traits of character.

Mr. Skinner is the efficient and successful manager of the Sonoma Realty Co., of this city.

The Expositor joins the host of friends of the young people in hearty congratulations and best wishes.

Apron and Necktie Ball

There's a good time in store for you if you attend the Apron and Necktie Ball in Glen Ellen Friday evening, April 19, given under the auspices of Glen Ellen Circle, Women of Woodcraft. Admission only twenty-five cents. Supper will be served at midnight.

Knocked out Boxing

The city trustees of Petaluma have passed a new ordinance providing for the licensing of boxing events in that city.

The license for such events is fixed as follows: For each preliminary $250 and for each main event, $500; all licenses must be paid 30 days in advance of the fight.

It is reasonable to suppose that the number of fistic contests in that city will noticeably diminish in consequence of the almost prohibitive tax levied. It is reported however that the big pavilion in Kenilworth Park, where the sports have been held, will be moved a few feet east and set up outside of the city limits, by the Petaluma Athletic Club which has a charter from the State, giving the right to conduct boxing events.

Race to Sonoma and Back

An automobile race from Napa to Sonoma and return is on tapis, for Saturday, April 20th., between prominent automobilists of the former city. It is understood that the race is for $150 a side and will be an exciting one. It will also be a severe test on the machines as the road has some long steep grades and sharp turns.

The permission of the board of supervisors of the two counties will have to be obtained for the speedy event but no delays are looked for from either board.

Sonoma Valley Ice Co.

Mr Bose, manager of the Sonoma Valley Ice Co's plant on First St., started the manufacture of ice this week and already has a few tons on hand in the store room. He will keep constantly on hand an ample supply of ice to meet the demands of the Sonoma Valley trade.

Patronize home industry, buy Sonoma Valley Ice Co's ice, made from pure artesian water and sold at the lowest living prices. Free prompt delivery. If you want ice hang out the sign furnished you by the compounds and fill your orders

Funeral of Mrs. Donaldson

The funeral of the late Mrs. J. F. Donaldson took place from her late residence near Yountville, Napa Co., April 2nd. at 10 a. m. Those left to mourn her loss are her husband, J. F. Donaldson, Mrs. R. W. Douglas and E. C. Donaldson of Concord, Contra Costa Co., Mrs. Kitty Badgley of Summit Wash., Mrs. Nellie Enos of Vallejo and Harry and Maude Donaldson of Yountville.

Many loving tributes were paid to her last resting place by friends and relatives.

BROKE HER ARM

Miss Vera Buchan, accidently fell while working in the back yard of her home here last Saturday morning, sustaining a painful compound fracture of the radius and ulna at the elbow joint of the right arm. A physician was summoned and attended to the injured member. The injury is very painful and the young lady will be confined to her home for some time.

It is hoped that the wound will soon heal and that no serious results will follow.

Grand Master's Visit

Grand Master, Theodore A. Bell, officially visited the I.O.O.F. Lodge, last Saturday evening and found the order here in excellent condition and that the officers of the lodge were very proficient in their work. After the business session a fine banquet was enjoyed by them embersand visiting brethren.

A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not perform the food to be properly digested, and the products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are fed on poor, red blood, and we see the symptoms of nervousness, sleeplessness and general breakdown. It is not head work that does it, but poor stomach work. With pure, rich blood the body is not protected against the attack of germs of fevers, phthisis and consumption. Fortify the blood supply with Dr. Pierce's Golden Medical Discovery—a rare combination of medicinal roots without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the strongest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If the stomach is insufficient food he loses a man's strength. He has no food he digests. Food not converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food is digested and assimilated. A man can die of starvation who has plenty of food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body considered as a whole is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in back and knees, in hands and feet equally. So also will the weakness be equally distributed among the organs, heart, liver, kidneys, etc., being proportionately weak according to the amount of the reduction of their daily ration of nutrition.

By way of example take the case of the Assistant Treasurer of the Catholic Foresters at Quebec, Mr. Louis Pare, who writes:

"For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formula and other untruthful statements published by competing and disgruntled medicine men concerning Doctor Pierce's World-famed Family Medicines the Doctor has decided to publish all the ingredients entering into his "Golden Medical Discovery." Hereafter every bottle of this medicine leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound, printed in plain English.

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Phonographs.

The most modern of all home entertainers. If you want a song, you can have one by McDonough, Murray, Myers, Gadski, Melba, Patti, and a host of others. Sousa or Pryor or Rodgers will play for you, or the Hayden Quartet will sing one of those beautiful Southern melodies for you. In fact with a Victor or a Zonophone, you have the best and most modern sound producing machine in the market. The records are indestructible, and do not have to be wrapped in cotton to prevent soiling. Come in and hear a few selections; we will be pleased to entertain you.

I am offering the easiest and best terms ever offered on phonographs. Come in and ask about them.

Assessor's Notice to Property Owners

All tax payers are requested by the constitution to make and deliver to the County Assessor annually a statement, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession or under his control, at 12 o'clock, M., or on the first Monday in March.

Note—The assessment of property throughout the State of California is made during the months of March, April, May and June, and the law requires that each individual property holder file a statement with the assessor or his deputy during those months.

MORTGAGES

Mortgagees or persons who hold mortgages against others must annually during the month of March report to the Assessor the amonnt due on their mortgages on the first Monday in March, otherwise proper deductions cannot be made.

PERSONAL PROPERTY

The Assessor must collect the taxes on all personal property when in his opinion said taxes are not a lien upon the real property sufficient to secure the payment of the taxes. The assessor or his deputy must collect such taxes at the time of making the assessment.

State Poll and Road Poll Tax

Are due on the demand from all persons liable to same, between the first Monday in March and the last Monday in July. The amount is $2 each. If not paid by the first Monday in July, $1 is added, and the amount becomes $3 each.

All persons owning real estate that has heretofore been assessed to the wrong name, or those who have purchased real estate within the past year, are requested to appear with their deeds at the Assessor's office or to the deputies, during the months of March, April and May, and have the proper changes made.

Will those having fruit trees or vines kindly enumerate the same giving number and age of each kind, so as to save time when the deputy assessor calls.

Any desired information relative to assessment will be furnished upon application at the County Assessors office, Court House, Santa Rosa.

FRANK E. DOWD,

County Assessor

M. P. AKERS

Dep. Assessor for Sonoma and Glen Ellen Townships.

Notice of Time and Place for Proving Will.

In the Superior Court in and for the county of Sonoma, state of California,

In the matter of the estate of JOSEPH H. POTTER, Deceased.

Notice is hereby given that Monday, the 15th day of April, 1907, at 10 o'clock. A. M., of said day, and the court room of said Superior court, in Department Two thereof, in the city of Santa Rosa, county of Sonoma, State of California, is now fixed and appointed as the time and place for proving the Will of said Joseph H. Potter, deceased, and for the hearing by the court of the petition of Evie Thompson Potter for the issuance to her of Letters of Administration thereon.

Dated March 15th, D. 1907.

The Vital Point

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

WILSON DOWN DRAFT HEATER

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

Consider this fuel economy in buying.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only $4.80

(CASH WITH ORDER $4.65)

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

The Worst Disease of the Apple Thrives In Damp Early Summer.

By E. O. LONGYEAR, Michigan Experiment Station.

The disease of the apple commonly known as "scab" or in some cases as "black spot" is probably familiar to every grower of this fruit. It first appears in spring on the young foliage producing velvety, olive colored patches. This form is sometimes known as "mildew" or "leaf blight." In severe

cases the leaves become shriveled and discolored, eventually falling off. The fungus also attacks the stems of the young apples at blossoming time, especially if the weather at this time is unusually cool and moist. This causes the young fruit to shrivel and drop off, often greatly reducing the crop of mature fruit.

The most characteristic effects of this fungous parasite, however, are found on the fruit itself. Here the spots at first appear much like those on the leaves, but as the fruit develops the fungus works under the cuticle, or outer layer of the skin, causing it to scale off. These spots on mature apples have a dark brown or blackish color, with a narrow border of a light gray color. The spots are usually most numerous around the blossom end of the fruit. On badly affected fruit the spots run together, sometimes covering one-third of the surface. Deep cracks often occur in such cases, which allow the apple to dry out.

Apple scab is without doubt the worst disease affecting this fruit. This is due not alone to its destruction of the foliage and young apples or to the unsightly spots which it causes on the mature fruit. In addition to all this it opens a way for the entrance of numerous rot producing fungi into the tissues of the mature apple. Thus during the seasons of 1902 and 1903, which were characterized in this state by an unusual rainfall, great quantities of apples were lost soon after packing and in storage and even during shipment through the agency of these soft rots following apple scab. In some cases apples affected with scab began

rotting while still attached to the trees the loss amounting to four-fifths of the entire crop.

The fungus of apple scab thrives during moist, cool weather, especially during the early part of summer. Fruit grown on closely crowded trees where air and light are shut out appears to be more severely affected than where the opposite conditions prevail. Therefore a location securing good ventilla-

fall and two or three other applications at intervals of ten days to two weeks will prove beneficial, especially if the season is a wet one. The final spray may consist of a weak solution of copper sulphate to avoid staining the fruit

Social Dictionary.

THE BEST INDIA INK

It Is Redolent of Musk and Fraught With Gold and Very Costly.

"This india ink," said the clever Chinese art student, "has no more right to be called Indian than your American redskins have to that name, for india ink all comes from China, and India never produced a stick of it.

"Anhui, my own province, is the one where india ink is made. The best of the ink is kept at home for the use of the royal scribes and the official litterati. It is only the lower grade that is exported. This lower grade sells at wholesale in Anhui for $1,500 a ton.

"The very best grade of india ink, the kind rich with gold, is worth $75,000 a ton.

"The constituents of india ink are colza oil, pork fat, lampblack, glue, musk, gold leaf and the oil of a poisonous tree, the heng, which grows only in the Yangtse valley.

"After the admixture of the oils the lampblack, the fat and the glue, the resultant paste is beaten for many hours with steel hammers upon wooden anvils, and during this long beating gr[illegible] quantities of musk and of gold leaf are [illegible] musk to give it luster. Importance of Hobbies.

For the well being and stable balance of every mind it is normally necessary that every man should have some pursuit which shall be unconnected with his business, which he must pursue with absolute seriousness. The hobby may be a game, it may be a collection of some sort (even stamps) or it may be some artistic achievement, and whether a man scarcely attains mediocrity even in it matters not at all, provided he pursues it with the fixed idea that nothing else in the world matters.—London Queen.

Tree Snakes of Borneo.

The flying frogs of the Malays appear to be mythical, but the tree snakes of Borneo are credited with taking flying leaps from the boughs of trees to the ground. It is found that scales on the lower part of the body may be drawn inward so that the whole lower surface becomes concave. The resistance to the air is thus greatly increased and experiments indicate that the snakes do not fall in writhing coils, but are let down gently in a direct line by the parachute-like action of their peculiar bodies.

The Cravat.

The cravat was once the name of a great military nation, the Croats, or Cravates, of the Balkans. It was their fashion to wrap large shawls or pieces of cloth around their necks and shoulders. About the middle of the reign of Louis XIV. he uniformed several regiments in the Croat fashion, with huge shawls about their necks. The fashion took, and the style diminished in size to the slight strip of cloth we still have with us.

Hearsay Evidence.

"See here, Jokely, I'm surprised to find you writing such bitter, cynical things about married life."

"Well—er—Benedict, you see, the fact is—er—"

"Oh, don't apologize. It isn't that. What surprises me is how, not being married, you know all these things."—Boston Transcript.

To See Plainly.

The more I think of it I find this conclusion more impressed upon me, that the greatest thing a human soul ever does in this world is to see something and tell what it saw in a plain way. Hundreds of people can talk for one who can think, but thousands can think for one who can see. To see clearly is poetry, prophecy and religion—all in one.—Ruskin.
